What You'll Get

A strategy for your community, backed by social science research and 100s of community launches

Biweekly group coaching calls, accountability partnership, events, and support from experts and peers

Systematic research of members and competitors to anchor your content calendar, metrics, & more

Main Outcomes

- ✓ A focused, documented community strategy
- ✓ Increased confidence
- ✓ Custom community KPIs
- ✓ A clear content calendar
- ✓ Support for any challenges as they arise (and they will!)

How it Works

The Accelerator program combines research-backed, field-tested frameworks with community support through each step of your journey. Participants will work through the program with a dedicated cohort and program alumni. Learning is self-paced with some live delivery. Participants have 9 months access to the content and indefinite access to the community.
